2010 Annual Report of Hazardous Waste Exports  
HoltraChem Manufacturing Site  
EPA I.D. MED000242701

Waste Minimization:

On or about September 20, 2000, HoltraChem Manufacturing Company ceased all manufacturing operations at its Orrington, Maine facility.

On or about March 30, 2001 HoltraChem Manufacturing Company ceased to exist as an operating company and its former manufacturing facility in Orrington, Maine entered a transition period between closure and RCRA Corrective Action. Beginning in April 2003, Camp Dresser & McKee Inc. (CDM) was retained to operate wastewater treatment facilities, manage waste generation activities, and to begin remediation activities at the site under contract to Mallinckrodt Inc., a former owner. The wastes being generated are the result of on-going remediation activities.

Certification:

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment.
